

## Supply Chain / OECD Supplier Information Report

SDC has conducted a Supply Chain review per the OECD (Organisation for Economic Co-operation and Risk Development) standards to meet due diligence guidelines for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas (CAHRA's) for 2024.

SDC has found its suppliers of Diamonds, Colored Gemstones, Gold, Silver and PGM's to be responsive in completing due diligence forms to satisfy risk related issues relating to OECD. We have not found any red flags when dealing with our suppliers.

Review of SDC's completed due diligence was conducted and matched the internal investigation results.

Supply Chain review and results will be conducted annually with the next report scheduled for September 2025.
